

A reminder about good CEOP practice; apps on phones

Brechin High School would like to remind parents and carers about the importance of good practice when it comes to online safety.

It has recently come to our attention that a number of apps are available to our young people and could perhaps put them at risk of harm. The link below takes you to a news article about one such app.

If you have any concerns about your young person engaging in unsafe behaviour online please contact the school immediately. Below is a link to the CEOPS website for advice and support. Can I also remind you that monthly newsletters from CEOP are also on the school website.
